

Invitation to host the 9th EAHL conference Second call

According to the EAHL constitution art. 5 nr. 1 one of the general purposes of the association is to bring together health lawyers from around Europe to discuss and collaborate on issues of importance in the development of health law and policies. Hence, the EAHL organizes a biannual conference of the association, cf. art. 5 nr. 3. The conferences have been held every second year since 2009, except in 2021, when the 8th conference to be held in Ghent was postponed to 2022 due to the pandemic.

The General Assembly decided in October 2021 that the next conference is to be held in 2024, and the General Assembly also laid down the criteria for the applications and for the evaluation procedure. The information letter of the General Assembly is attached as an annex.

The first call was made in June 2022, and no applicants submitted their interest within the deadline (15 September 2022). We invite potential organizers to file an application to host the 9th EAHL conference in accordance with the guidelines by the General Assembly. The application should be maximum 20 pages (including attachments). The deadline for this second call is 15 November 2022.

Address/Contact:

E-Mail: eurohealthlaw@gmail.com (EAHL-Administration). The application should be sent to this email address within the deadline (23:59 (CET) 15 November).
